

CONTENTS

| | |
|---|-----|
| Preface | v |
| Authors | ix |
| Chapter I. Introduction | 1 |
| Chapter II. Geographic Setting of the BAGO River Basin | 13 |
| Chapter III. Morphometric Analysis and Morphometric Propaty of the Bago Rver Basin | 33 |
| Chapter IV. Assessment of Land Cover and Land Use Changes of the Bago River Basin | 67 |
| Chapter V. Determination of Potential Soil Erosion Rates —Using E_{30} Model for Apply to the Bago River Basin— | 93 |
| Chapter VI. Surface Runoff Conditions Analysis Using SCS TR-55 Model —Lesson from of the Bago River | 113 |
| Chapter VII. Determination of Modified Regional Flood Equation (I) for the Bago River Basin | 125 |
| Chapter VIII. Determination of Modified Regional Flood Equation (II) for the Bago River Basin | 145 |
| Chapter IX. Developing Hydrologic Model and Simulation of Flooding Area Using Surface Modeling in Bago River Basin | 171 |
| Chapter X. Conclusions and Recommendations | 183 |
| References | 191 |
